2024 TRANSPORTATION IMPROVEMENTS

The following is a list of “tentative” Capital Road Improvement Projects approved, funded, and scheduled for 2024. As always, we evaluate these road projects following each winter season, and our roads will be reevaluated during the spring. As mentioned, this is a tentative list of improvements and may change due to needs and budgets.

The Public Works Department will also be performing other types of road maintenance such as: line painting, roadside mowing, clearing sight lines, base repairs, roadside ditch work and sign maintenance, however; the following projects are noted as they may, at times, cause temporary delays or detours during the construction phases.

The Department will make every effort to accommodate local traffic; however, for the safety of you and the workers on the road, please obey all Work Zone Traffic Control Signs, Flagmen directives, and marked detours. As a reminder, all fines are doubled in all Work Zone Traffic areas within the Commonwealth of Pennsylvania.

Allow some extra time in your daily commutes to avoid unnecessary frustration while transitioning through the work zones and detours. For more information, contact William Bradford, Superintendent of the Public Works Department.

Please note: Agencies, other than the Public Works Department, are performing some of the following projects. They are identified as follows:

- Essential Utilities Inc. Sewer Department, (610) 792-2112
- American Water Co. (610) 948-1781
- Pennsylvania Department of Transportation (610) 275-2368

**Expect one lane closures and delays
during all road construction work!!**

“SPEED THRILLS, BUT KILLS / DON’T EXPIRE BEFORE YOUR LICENCE DOES”

Check For Updates on Local Road Projects at www.Limerickpa.org

TENTATIVE 2024 ROAD MAINTENANCE WORK:

- **BITUMINOUS SURFACE TREATMENTS:**

LIMERICK COMMUNITY PARK SITE WORK PHASE I

BASIN RETRO UPGRADE

NEW SCHOOL FLASHERS AT EVANS BROOKE ELEMENTARY SCHOOL

Note: All the projects listed are flexible and subject to change due to budget and/or weather conditions. Dates and times are “tentative schedules.” Please continue to check our website for changes in road projects as well as roadwork notices.

All these projects will require the department to perform prep work. Base repairs will take place as well as some crack sealing in house. All the drainage updates will be done by Township road crews ahead of the improvements.

Line Painting: Crews will also be performing line painting throughout the spring and summer. Please avoid driving on fresh paint.

Mowing: Crews will be performing right-of-way mowing, vegetation control and sight distance trimming as well.

Limerick Community Park: The Public Works Department will also perform the construction site work for Limerick Community Park extensions installing parking lots, walking trails, multi- purpose fields, baseball/softball fields, bocce courts, tennis /pickleball courts. With these projects and our regular routine maintenance, the department will have a full workload for the season.

Street Sweeping: Annual street sweeping is scheduled to begin on or around the week of April 8th and should wrap up by April 26th, weather permitting. Please do not park on the streets from April 15th through April 25th during the times of 7:00 A.M. to 3:00 P.M., if possible. Crews will not return to sweep areas where cars had been parked.

During the busy spring and summer months please obey all Work Zone Traffic signs, the crews are busy making the roads safe for all to travel.

“DON’T MAKE A FAST DRIVE BE YOUR LAST DRIVE”

VEGETATION & WEED CONTROL NOTICE:

Limerick Township Public Works Department will be applying vegetation and weed control products within the Township curb line and right-of-ways. Products applied will include, but not limited to: Accord XRT II, Plateau, Esplanade 200 SC. These products will be applied to areas around signposts, Utility poles, guide rails, culverts, inlets, curbs, and sight lines within Township right of way. Spraying will begin; weather permitting, early May 2024. For additional information, contact Dave Myer at (610) 495-6432 x 163.

Other Road Projects that may take place in 2024 on State (non-Township) roads:

Please refer to the PennDOT website for updates on PennDOT Projects:
