**Important information on the upcoming  
Open Space Ballot Referendum  
on increasing the Earned Income Tax strictly  
for Open Space initiatives.**

## Message from the Chairman

**Kenneth W. Sperring, Jr.**  
**Chairman**

**Summer** is always an exciting time for vacations, outdoor events, and recreational activities. Over the past several years, an increasing use of fireworks has become part of many private events and family gathering because of changes in state retail laws which make fireworks more readily available for recreational gatherings.

***Prior to the use of any firework,*** we ask that you become familiar with the Township's regulations regarding times and locations on your property in which they can be utilized. Please be respectful of your neighbors and recognize the impact fireworks may have on them and their family pets.

**Limerick Township Fireworks Regulations are highlighted in this newsletter; please call the Township if you have any questions on the proper use of fireworks.**

This newsletter also offers a review of a ***Ballot Referendum*** that will be placed before our voters this Fall in the November General Election, ***regarding an increase in the Earned Income Tax for the purchase and maintenance of Open Space.***

**The specific ballot question is printed in this newsletter, along with information on the benefits of a designated income stream for Open Space, as well as what income is exempt from the tax increase.**

It is important to note that the proposed tax would be **limited to a ten-year time frame and only enacted if approved by a majority of the voters.** This tax is a useful tool the Township can use to protect the remaining natural resources of this community and to help in limiting development.

*It is important that your voice be counted, so please familiarize yourself with the benefits and impacts of this proposed tax and make sure you VOTE this November.*

***This decision is up to you, the Limerick Township residents!***

Have a healthy, safe, and enjoyable summer season!!

Kenneth W. Sperring, Jr.

# Summertime Safety... *Tips from the Fire Marshal*

As the Summer season brings folks outdoors for celebrations and family gatherings, Shaun Semmeles, Fire Marshal, has provided some important safety reminders in hopes everyone enjoys the season responsibly.

Please keep your fellow neighbors in mind when outdoors with common courtesies used for the volume of music and the use of fireworks.

Some residents may be more sensitive to noises and animals can get anxious. With advance notice, your neighbors can secure their animals and take measures to prepare themselves; having those neighborly conversations over the fence could go a long way to making the summer enjoyable for everyone.

## ***Firework Safety***

- ♦ Never allow young children to play with or ignite fireworks.
- ♦ Do not ignite fireworks or sparkling devices while the person is under the influence of alcohol, a controlled substance or another drug.
- ♦ Do not ignite fireworks within **200** feet of an occupied or unoccupied structure.

**Do Not Ignite Consumer Fireworks After 10:00 P.M.**

***The following are exceptions:***

***4th of July — 11:00 P.M.***

***New Year's Eve — 12:30 A.M.  
on New Year's Day***

According to the National Fire Protection Association (NFPA), statistics show fireworks start more than 19,000 fires per year in the U.S. ***Please use caution & celebrate responsibly.***

For more info, visit the NFPA website using this QR code:

## ***Grill Safety***

- ♦ Propane and charcoal BBQ grills should only be used outdoors.
- ♦ The grill should be placed well away from the home, deck railings, and out from under leaves and overhanging branches.
- ♦ Keep children and pets away from the grill area.
- ♦ Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- ♦ Never leave your grill unattended.

## **Boat & Water Safety Reminder**

Personal flotation devices are the most important piece of equipment on a boat, canoe, or kayak. They are the best defense against drowning.

# EIT Open Space Referendum

on the November 8<sup>th</sup> Ballot

In the months leading up to the November General Election, the Township will be issuing information, both on our website and through social media, with information on the EIT Open Space Referendum so that you can make an informed decision.

The decision is  
up to YOU!

**VOTE!**

## Ballot Question

*Exactly as it will appear on  
the General Election ballot  
on November 8th*

“Do you favor the imposition of an increase to the Township’s existing Earned Income Tax of one-quarter percent (0.25%) for residents of Limerick Township for a period of ten years which would commence on January 1, 2023 and would extinguish on December 31, 2032 to be used for financing the acquisition of open space; for the purpose of acquiring forest and agricultural conservation easements; and for the purpose of acquiring property development rights and for the purpose of acquiring recreation or historic lands within Limerick Township?”

YES

NO

# Benefits of Designated Open Space Earned Income Taxes (EIT)

- Limits New Development: Reducing Traffic Congestion
- Additional Open Spaces Allow for Potential Expansion of Parks, Recreation, & Trail Systems
- Protects Natural Resources & Wildlife Habitats
- Increases Property Values & the Overall Aesthetics of our Community
- Assisting Seniors to Stay in their Homes by Reducing the Burden on Real Estates Taxes for Open Space Initiatives

## How Much Will It Cost Me?

**For every \$50,000 of taxable income,  
the EIT increases by 34¢ a day**

## Who Pays?

*Open Space EIT taxes are applied to the same income that is taxable to residents of the township for Earned Income Tax purposes.*

## EXCLUDED INCOME from EIT Tax

- Retirement Pay
- Social Security Payments
- Interest
- Dividends
- Income from Trusts, Bonds, Insurance, & Stocks
- Third-Party Sick or Disability Pay
- Pensions
- Unemployment Compensation
- Public Assistance
- Wages from United States Paid for Active Military Service

## Department of Emergency Services

### Shaun Semmeles

***Director of the  
Department  
& Fire Marshal***

Shaun has been working in Fire/EMS for almost 20 years and has been with Limerick since 2017, serving as: Fire Inspector, Assistant Fire Marshal, & Deputy Emergency Management Coordinator.

In 2022, Shaun became the Director of the Department of Emergency Services, which includes the roles of Emergency Management Coordinator & Fire Marshal.

*Helping people is Shaun's passion and planning the many facets of Emergency Response in order to keep our residents safe is his priority here at Limerick*

Creating the Residential Fire & Life Safety Inspection Program and revamping the Commercial Program's process have been key initiatives for Shaun.

**Under Shaun's leadership, the Limerick Township's Emergency Management Program and processes have been recognized by PEMA, who now desire them to be the future standard they want other agencies to follow**

A career in Emergency Management takes dedication; Shaun credits his "amazing wife, Jennifer, for whom none of my work accomplishments would have ever been possible".

In his free time, Shaun enjoys spending time with family; coaching his boys in baseball, watching his daughter's high school volleyball games, being an avid hunter, and sharing his passion for the outdoors with his boys.

### Matthew Markland

***Deputy Fire  
Marshal***

**Matt is a 4th-generation firefighter who always wanted to follow in his family's footsteps.**

Since 2008, Matt has been a volunteer firefighter at the Limerick Fire Department.

Matt attributes his success as a firefighter to his ability to work through stressful situations while remaining calm.

Matt joined Limerick after 15-years working at the Montgomery Co. Department of Public Safety as a Platoon Commander in the Emergency Communications (911) division.

With all his experience, Limerick has been happy to welcome Matt to Limerick Township earlier this year.

Matt enjoys watching Phillies baseball & The Office TV show, and can be found vacationing in Sea Isle City, NJ in the summers.

**Fun fact:  
Matt has been fortunate to witness several space shuttle & rocket launches LIVE from Cape Canaveral.**

# UPCOMING COMMUNITY EVENTS

## Waltz Golf Farm Family Fireworks

The Department of Emergency Services and the Limerick Fire Department are happy to assist once again at this year's Waltz Golf Farm Family Fireworks Event on July 4th.

This event is a beloved community tradition and the Township would like to thank the Waltz Family for bringing this treasured event back to the community.

## What's Yard Waste?

- ♦ Lawn Clippings
- ♦ Brush
- ♦ Tree Limbs
- ♦ Leaves
- ♦ Small Stumps
- ♦ Fire Wood
- ♦ Christmas Trees

The Township has contracted again this year with ***Hetrick Gardens Landscape & Nursey Center, 2620 Swamp Pike***, for residents to drop off yard waste to their Compost Facility during normal business hours for ***FREE***.

The Township Public Works Department also has a scheduled drop off location available once a month.

**No, No, No!**

## ***Important Reminder from the Fire Marshal—***

Outdoor burning **cannot be used to burn yard, household, or leaf waste.** Contact the Fire Marshal for more information.

## SUMMER STORMWATER MANAGEMENT

Here are some tips for managing stormwater on your property this summer:

- 1) **Wash your car at a car wash.** When you wash your car on the driveway or the street, grease, soap and oil can wash into streams and creeks.
- 2) **Never dump anything down stormwater drains.** Remember that storm drains empty directly into local waterways without being treated so whatever enters storm drains will flow into streams and creeks.
- 3) **Direct downspouts over porous, not paved surfaces.** Where possible, direct downspouts into garden beds, your lawn or consider installing a rain barrel.
- 4) **Raise your mower height.** Raising your mower height to at least 3 inches will slow of the flow of water over your lawn and allow it to absorb more rain water.

# Grilling Safety

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But, a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

## SAFETY TIPS

- » Propane and charcoal BBQ grills should only be used outdoors.
- » The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.
- » Keep children and pets at least three feet away from the grill area.
- » Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill.
- » Never leave your grill unattended.
- » Always make sure your gas grill lid is open before lighting it.

## CHARCOAL GRILLS

- » There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
- » If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.
- » Keep charcoal fluid out of the reach of children and away from heat sources.
- » There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use.
- » When you are finished grilling, let the coals completely cool before disposing in a metal container.

## PROPANE Grills

Check the gas tank hose for leaks before using it for the first time each year. Apply a light soap and water solution to the hose. A propane leak will release bubbles. If your grill has a gas leak, by smell or the soapy bubble test, and there is no flame, turn off both the gas tank and the grill. If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. **If you smell gas while cooking, immediately get away from the grill and call the fire department.** Do not move the grill.

If the flame **goes out**, turn the grill and gas off and wait at least **5 minutes** before re-lighting it.

# BE SMART, BE SAFE HAVE FUN

A BEGINNER'S GUIDE TO SAFER PADDLING

## ALWAYS WEAR YOUR LIFE JACKET

### Wear it Like a Pro

The first sign of a rookie paddler is someone who isn't wearing a life jacket. Experienced paddlers wear life jackets whenever they're on the water.

### Make it Fit

Adjust your life jacket so that it's snug and comfortable. It should not lift up when pulled by the shoulders.

Modern life jackets come in all sizes, with models for children, women and men.

### Don't Tempt the Odds

**85%** of fatal canoeing accidents and

**48%** of kayaking fatalities involve people who were not wearing a life jacket. Don't be a statistic. Wear your life jacket.

**FOR MORE ON FITTING LIFE JACKETS, GO TO:**  
[safeboatingcampaign.com/life-jackets](http://safeboatingcampaign.com/life-jackets)

## KNOW YOUR LIMITS

### Be Honest With Yourself

Good paddlers know their limits. If you don't feel comfortable in a given set of conditions, return to shore.

### The Right Boat for the Conditions

Most kayaks, canoes and SUPs are designed for use on protected waters and moderate currents.

Specialized boats are used for whitewater, surf and exposed lakes or ocean. Know the capabilities of your craft. These venues require additional training.

### Explore Your Limits Safely

Improving your skills is one of the joys of paddling. Practice in safe conditions with instructors or expert paddlers to expand your personal performance envelope.

### Impairment = Accidents

Do not go paddling if you should not be driving. Drinks and drugs are even more hazardous on the water. Coast Guard and state BUI laws apply to all vessels, which includes recreational canoes, kayaks and SUPs.

## CARRY THE PADDLING ESSENTIALS

### Safety

Always carry drinking water.

Keep signaling devices (whistle, mirror, flares) in a pocket of your life jacket.

Sit-inside kayakers should carry a paddle float and pump.

### Communications

A handheld VHF radio allows you to communicate with the Coast Guard and commercial boat traffic. Use Channel 16 for emergencies.

A Personal Locator Beacon (PLB) will relay your precise location to rescue agencies if you're in distress.

Carry a cell phone in a waterproof case, and always be sure to tell a friend before you go.

### Comfort

Carry extra layers of clothing in a waterproof "dry bag."

For longer outings, bring energy bars or a lunch.

## PLAN FOR CHANGING WEATHER CONDITIONS

### Treat the Forecast as the Best Case

When the forecast calls for ideal paddling weather, it will probably be a beautiful day—just don't count on it.

Don't forget to check tides or river levels, and note the time the sun will rise and set.

### Prepare for the Worst Case

Be aware of how changing weather affects paddling, and plan accordingly.

For canoeists and kayakers, air temperature is less important than wind speed and direction. And while rain can be a nuisance, lightening is dangerous.

Have an exit strategy at all times. If a fast-moving thunderstorm appears, where is the nearest safe landing?

### Pay Attention

Scan the horizon for dark clouds, and be aware of changing temperatures and wind directions, which often precede a squall or thunderstorm.

Don't wait for bad weather. If you sense a change for the worse, get off the water right away.

## TAKE A PADDLING CLASS

### What You'll Learn

**Safety:** You'll learn and practice the skills that make paddling safe and enjoyable.

**Style:** You'll learn good paddling technique from skilled instructors.

### Who You'll Meet

A paddling course is the best place to meet fellow paddlers.

Your class mates are likely to be safety-minded and have similar skills and interests.

A good instructor can become a mentor who will help you become a better paddler.

### Why It's Fun

You'll be on the water, learning new skills in a safe and friendly environment.

### Where to Find a Class

Check with your local paddle shop for a list of paddle classes in your area. You can find a list of ACA-certified instructors at [americancanoe.org/instruction](http://americancanoe.org/instruction)

## DRESS FOR IMMERSION

### Cold Kills

The human body loses heat about **25x** faster when immersed in cold water than it does when dry.

Avoid cotton clothing like t-shirts and jeans, because they retain water and accelerate cooling when wet.

### Modern Miracles

Today's paddling gear uses high-tech fabrics and technology to keep you dry, comfortable and looking your best.

A wetsuit or drysuit allows you to stay warmer when immersed in cold water.

Ask your local paddling shop to recommend clothing for the conditions you plan to paddle in.

### Dress Your Children Well

Remember: Children lose body heat faster than adults. Smaller adults lose body heat faster than large adults.

## TELL A FRIEND

### Share Your Plan

Telling a trusted friend where and when you plan to paddle ensures that someone will know where to send help if you get into trouble.

### Make it Routine

Keep a basic float plan on your computer or phone, and make a habit of filling it out and sending it to a friend every time you paddle.

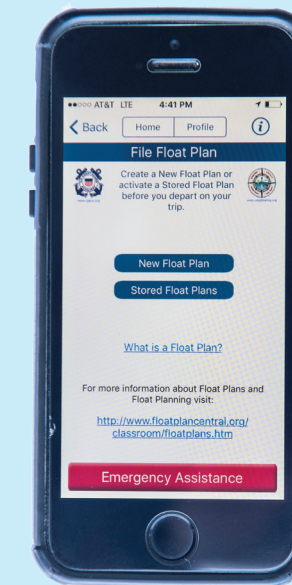

### Include the Four Ws

**Who:** Your name and the name of everyone paddling with you.

**Where:** Your planned put-in, takeout and paddling route.

**When:** Your estimated launch and return time—and when to notify authorities if you don't check in as scheduled.

**What to Do:** A plan for what to do if you don't return or check in as scheduled.

## MAKE YOURSELF SEEN

### Dress For Visibility

Choose a brightly colored life jacket and paddling clothing that will make it easier for others to see you on the water.

Carry a light, especially if there's a chance you'll be on the water early or late in the day. High visibility strobes and running lights are available at your local paddling shop.

### Practice Defensive Paddling

Never assume that power boaters can see you. Avoid high-traffic areas whenever possible, and proceed with caution when you can't avoid them.

Be aware of factors like fog and glare that make you more difficult to spot. If you're between a powerboat and the sun when it's low on the horizon, the operator almost certainly won't see you.

### Know the Rules of the Road

Learn the 'Rules of the Road' that govern all boat traffic, from kayaks to container ships. Knowing these simple rules will help you anticipate where other boats will go, and allow you to stay out of trouble.

# Prepare to Paddle Safely

## Life Jackets

Intended for offshore use. Because of their bulk, they are not recommended for paddlers.

Near-shore buoyancy vests. They are not recommended for paddlers.

Flotation Aid. They are recommended for paddlers.

Throwable devices. These are not required on canoes or kayaks and are not to be used as substitutes for life jackets.

These are special use life jackets. They may be appropriate and recommended for certain uses by paddlers.

## WEAR IT!

Be safe and keep your life jacket snug.

**Read the USCG-approved life jacket label. The right fit provides the right flotation. Remember, it doesn't work if you don't wear it!**

**BE SMART, BE SAFE  
HAVE FUN**

*For A Beginner's Guide to Safer Paddling brochure:*

# Basic Boating Safety

All boats have one thing in common—safety. No matter what type of boat you try, make sure you bring the right equipment and know how to use it.

The most important piece of safety equipment is a life jacket. Everyone must have one and anyone 12 years of age and under must wear it while underway in a canoe, kayak or boat under 20 feet in length.

There are many types of life jackets. Your best choice for a day out on the lake will probably be a near-shore buoyant vest or a flotation aid. A near-shore buoyant vest is a good, low-cost option and is great for beginners. A flotation aid is a good compromise between comfort, function and cost.

## Life Jackets

Off-shore  
Life Jacket

Near-shore  
Buoyant Vest

Flotation Aid

Special-use  
Device

### Throwable Devices

Throwable devices – minimum 16.5 pounds of buoyancy designed to be grasped, not worn.

# Find Your Fit

A properly fitted life jacket is more comfortable and will function better. Avoid a life jacket that is too large. If you fall into the water, it can slip over your head.

Get a good fit with the touchdown test. Raise your arms like you are signaling a touchdown in a football game. Have a partner lift the life jacket by the shoulders. The life jacket should come no higher than your chin. If it does, tighten the straps and try again. Try a different size life jacket if you are unable to get the correct fit.

## Sound Producing Device

Motorboats less than 65 feet in length must carry some mechanical means of making a sound signal. This device may be hand-, mouth- or power-operated. An athletic coach's whistle is an acceptable device for small motorboats.

There are also lots of other regulations on fire extinguishers, navigation lights and other items, depending on the type of boat you are going to use. Review the *Pennsylvania Boating Handbook* to learn more about safe boating at [www.fishandboat.com/bookboat.htm](http://www.fishandboat.com/bookboat.htm).

# Great Trains & Grand Canyons

## DAY 1: PHOENIX - SEDONA

Arrive at the Phoenix Airport and meet your Tour Director. Board a deluxe motorcoach and travel north to beautiful **Sedona**. This upscale resort, retirement and artist community is set amongst the red-hued rocks of Oak Creek Canyon. Your home for the next five nights is a picturesque property in the Sedona area. Tonight enjoy a **Welcome Dinner** with fellow travelers.

✕ (D)

Overnight: **Sedona**

## DAY 2: SEDONA

Start a great day with a **Sedona Trolley Tour** featuring the **Chapel of the Holy Cross** and **Airport Mesa** for spectacular views of the Sedona area. The trolley guide will give you insight into the various rock formations, indigenous vegetation and history of this remarkable area. Later visit **Uptown Sedona** and the Spanish- Mexican Village of **Tlaquepaque** to explore these wonderful areas full of art galleries shopping opportunities and restaurants.

Maybe take an optional Guided Jeep Tour into the Sedona backcountry. This evening enjoy Sedona at your own pace.

✕ (B)

Overnight: **Sedona**

## DAY 3: GRAND CANYON

Begin an unforgettable day with a drive through amazing **Oak Creek Canyon**, a sixteen mile long canyon known for its spectacularly colored white, yellow and red cliffs dotted with pine, cypress and juniper. Then arrive in Williams to board the **Grand Canyon Railway** for a nostalgic two-hour train journey that delivers you to the awe-inspiring **South Rim of Grand Canyon National Park** for free time and lunch on your own. Six million years in the making the Grand Canyon's dynamic colors and textures inspire reflection at nature's power and beauty. Later board your motorcoach to see the Grand Canyon from other points of interest. Stop in Flagstaff for dinner before returning to Sedona.

✕ (B,D)

Overnight: **Sedona**

## DAY 4: MONTEZUMA CASTLE - JEROME - VERDE CANYON RAILROAD

This morning visit the **Montezuma Castle National Monument** which contains ruins of a cliff dwelling built in the 12th and 13th centuries by the Sinagua Indians. Later visit the old mining town of **Jerome**, once a virtual ghost town, now restored with shops, museums and art galleries. Next travel to **Clarkdale** to board the **Verde Canyon Railroad** also known as the **Wilderness Train**. The spectacular four-hour ride in a First Class Railcar takes you between two national forests, past crimson cliffs, over old-fashioned trestles and through a 680-foot tunnel. Early evening return to Sedona.

✕ (B)

Overnight: **Sedona**

## DAY 5: DAY AT LEISURE - BLAZIN' M RANCH

Today is at leisure in **Sedona**. Enjoy the wonderful amenities of your resort. Maybe spend the day shopping, sightseeing on your own or on a local golf course. An optional tour will be available. This evening experience a Farewell Dinner at the **Blazin' M Ranch** where you will enjoy a hearty **Chuckwagon Supper and Western Stage Show**. ✕ (B,D) Overnight: **Sedona**

## DAY 6: SEDONA - SCOTTSDALE - FLIGHT HOME

This morning travel to Old Town Scottsdale where Western storefronts recreate an aura of the past. Later arrive at the Phoenix Airport for your flight home filled with unforgettable memories of your Great Trains & Grand Canyons Tour.

✕ (B)
