

ROADS WILL NOT BE BARE WHILE SNOW IS FALLING.

Even on interstates, plow routes take two hours or more to return to the start point.

Where's My Plow?

All of PennDOT's roughly 2,200 PennDOT-owned and rented plow trucks are equipped with Automated Vehicle Location (AVL) systems, which use in-truck technology to log and share data in real-time for that truck. The routes of these interstate and expressway trucks can be viewed in real-time at www.511PA.com.

511PA

Motorists are encouraged to "Know Before You Go" by checking roadway conditions by visiting:

www.511PA.com

511PA is free and available 24 hours a day, provides traffic delay warnings, weather forecasts, traffic speed information and access to more than 860 traffic cameras. Users can also see plow truck statuses and travel alerts along a specific route using the ["Check My Route" tool](#).
