

# Limerick Township Ordinance No. 221: Snow & Ice Removal

## Requires the Prompt Removal of Snow & Ice From Sidewalks, Paths & Other Walkways Intended for Public Use

The owner/occupant of any building or lot abutting a public sidewalk is responsible for and shall remove any accumulation of snow, slush, ice and/or freezing rain from public sidewalk **within 24 hours after** the snow, ice, or freezing rain has ceased to fall, gather, or accumulate.

❄️ The clearing of sidewalks **may require continuous acts** due to drifting, melting and other situations that **require snow and ice to be removed more than once after a single storm.**

❄️ All sidewalks shall be **cleared to a minimum width of 3-feet.**

❄️ In the event the **snow and/or ice cannot be removed without damaging the sidewalk, an application of sand, salt, cinders or other grit and de-icing agents will be an acceptable substitute** for clearing.

❄️ Following the clearing of any public sidewalk and during freezing conditions, **applications of salt, sand, cinders or other de-icing agents shall be applied as necessary to ensure a safe, non-slip surface for pedestrian traffic.**

❄️ Clearing of sidewalks shall **also include any portion(s) of a driveway crossing a sidewalk area.**

❄️ **Any/all material** removed from a sidewalk and driveway area **may not be disposed of in the street, curb, gutter, or storm inlet areas.**
