

# Removal of All Vehicles from the Roads for Plowing Operations

**The Public Works Department reminds residents that ALL vehicles are to be removed from the street when adverse weather conditions are imminent.**

Removing vehicles from the roadways ensures a *more efficient and faster snow plowing operation* and drastically *reduces the potential for damage* to parked vehicles and our snow plow trucks.

The Township's Responsibility is to Open Roads as Quickly as Possible to:

- \* Accommodate Emergency Response Vehicles
- \* Provide for Safe Motor Vehicle Passage
